

FWEA

SOUTHWEST CHAPTER

Dedicated to the Preservation and Enhancement of Florida's Water Environment

Member Association of the Water Environment Federation

The FWEA Southwest Chapter invites you to join us for an evening of dinner, to meet colleagues in our profession, and to hear a presentation summary of the EPA's proposed numeric nutrient criteria rules. This will include the proposed values as a function of region, the current schedule for adoption and how these limits compare to various treatment technologies. A summary of the efforts to oppose these rules will also be provided. Our presenter will be **David Ammerman** P.E. of AECOM USA, Inc., he is currently chairman of the FWEA Water Reuse Committee. Mr. Ammerman has made numerous presentations on the subject of water reuse at local, national and international conferences, and was a principle author of the 1992 and 2004 EPA guidelines for water reuse.
