

Call for Nominations – FWEA Public Education Awards

The FWEA will make its first ever Public Education Awards this coming April at the Florida Water Resources Conference in Orlando. The Awards will recognize individuals, organizations or events/campaigns for significant accomplishments that foster and support the development of public outreach programs and integrating public education as a core element of wastewater and water utility planning and management. The award is intended to encourage utilities and other water quality organizations to incorporate public education and outreach into their operating plans, as well as to provide examples of successful public education programs and best practices.

Any member of FWEA may make nominations. Three categories will be considered:

Individual - Recognizes an individual who has made a significant contribution to the public education effort, promoting awareness and understanding of water environment issues among the general public, through the development and implementation of public education programs.

Group/Organization - Recognizes a group or organization, which has made a significant contribution to the public education effort, promoting awareness and understanding of water environment issues among the general public, through the development and implementation of public education programs.

Event/Campaign - Recognizes a single public education or outreach event or campaign, which has made a significant contribution to the public education effort, promoting awareness and understanding of water environment issues among the general public.

Don't miss this banner opportunity to provide industry recognition for an outstanding public education effort you know of. **The deadline for nominations is February 17th.** Click on the link below to download for a nomination form.
