Florida Water
Environment
Association

Water Environment
Federation

The inaugural 2027 FWEA Air Quality & Odor Control Conference brings together the strength and industry reach of the Florida Water Environment Association (FWEA) and the Water Environment Federation (WEF) Air Quality & Odor Control (AQOC) community. Sponsors gain direct access to environmental decision-makers, utility leaders, engineers, operators, researchers, and emerging industry professionals.

Hosted in Orlando with limited regional competition and growing national demand, the conference provides exceptional visibility, valuable business connections, and meaningful industry engagement. Supported by national promotion and a highly targeted audience seeking innovative solutions, it is positioned to become North America's premier event for air quality and odor control professionals.

In addition to the deliverables listed in the sponsorship opportunities, each sponsor will receive these additional benefits:

- Enhanced visibility to conference Attendees
- Logo recognition on sponsor signage in central area
- Logo inclusion on conference website
- Pre-registered and final Attendee lists

Please Note:

- Register online at FWEA-AQOC.org
- Company must reserve sponsorship and paid-in-full to be accepted.
- One logo per sponsor allowed, sponsorship includes one company
- Logos can't include products or multiple companies
- Final placement of all logos and signage is at FWEA's discretion
- **Redemption of complementary tickets must be completed by 1.29.27**

Reserve today at FWEA-AQOC.org
